

## THEY GOT THE BOOZE

County Attorney And Sheriff  
Make A Raid

At midnight Monday night, the County Attorney Commons, and the Sheriff, Homer Eidson, accompanied by John Gray, the City Marshall, made a raid on one of the rooms in a downtown rooming house, and succeeded in finding a very good supply of the poor liquor which has been floating around the town during the past week.

They were armed with a search warrant, and seemed to have no trouble in locating the goods they were after. They found and took.

- 1 full pint bottle of whiskey,
- 1 full glass jar of whiskey,
- 4 or 5 empty pint bottles,
- 25 or 30 whiskey glasses

and corkscrews, empty bottles, and a small chest with a lock.

All of the equipment of the room was taken to the county jail, and locked up there for evidence. It is said that the stuff confiscated is the property of Frank Brandon, who was convicted here last spring of selling liquor. If he is caught and convicted again, he will probably be sent to the state penitentiary, as the second offense under the Kansas laws is now a felony, punishable by a sentence at the penitentiary.

The sentiment in Liberal for oiling the streets seems to grow every day, and at the present rate, the matter will be taken up before many more months have passed. Every citizen of Liberal who visits Fowler comes back with a favorable impression of that town and remarks on the excellent oiled streets of that town. As soon as the holiday rush is over, the matter will be pushed by several of the business men of the town. The idea is a good one and, we believe will be carried out.

John Ennis came up from Boyd, Oklahoma, last week to be in attendance at the wedding of his sister.

There is no need to worry about that present for her. You'll find just the thing at Taylor's Drug Store.

## Wedding

The wedding of Miss Carrie Ennis and Mr. Robert Hall last Saturday morning came as a distinct surprise to the community. However the affair leaked out before the bride and groom were out of town, and friends of the popular couple began to see that the affair was advertised. Small posters bearing the picture of the groom and some remarks about his marriage were printed and sent to the train for distribution. Here Mr. and Mrs. Hall were not to be seen, for they too had learned of the josh, and went to Tyrone by automobile. Mr. and Mrs. Hall will spend several weeks in California, after which they will return to make their home in Liberal. The Democrat joins a host of friends in extending congratulations. The wedding took place at the C. C. Hood residence on South Grand Avenue. J. A. Cornelius of the Christian church officiated.

## To Raise The Taxes

This time it is Governor Stubbs who is going to saddle another hike in taxes on the people of the state of Kansas. He has given out an interview in the Kansas City Star to the effect that he will call a special session of the legislature in January. We believe that if this matter were referred to the people of the state it would be defeated by a vote of ten to one. Yet it is characteristic of Stubbs that he will not be stopped from achieving his political ambition by a matter of mere cost, especially when the costs are paid by the citizens of the state. The special session is alleged to be for the passage of a presidential primary law. If this matter was of such great importance, why did the Governor permit the legislature to close last winter without passing a primary law? The membership

of the legislature is just the same now as it was last year. If the proposition could not carry then, it can not do so now. The whole thing looks like a scheme to give Stubbs something to put into his platform in the race against Curtis, and let the people of the state pay for his campaign material. This is characteristic of the entire Stubbs administration, and is not after all surprising to those who have carefully watched his administration of the affairs of the state.

No matter what you have in mind, you'll find it Taylor's.

## Liberal Won, 18-13

At the basket-ball game Saturday night at the Opera House between Hooker and Liberal the home team was victorious in what was probably the best game played here this year. The Hooker girls failed to show up, so the girls of the Freshman team played the curtain raiser. Both games were good, and a fair crowd was in attendance. The game which was planned for the coming Saturday has been cancelled on account of several of the Liberal boys being injured so that they could not play. It is probably that Texhoma, the challenger, will be played here at some very early date.
